NATIONAL 4-H CONFERENCE BULLETIN #5

We are very pleased with the work of the National 4-H Conference Delegates' Advisory Committee. In consultation with Dr. Ward Porter, Division of Extension Research and Training, the committee is recommending that a questionnaire be filled out by all delegates. I understand this was discussed at the final delegates' assembly during the Conference.

Copies of the questionnaire are enclosed, one for each of your State delegates and a copy for your files. You will note there is a slight variation in schedules A and B. For this reason we request that you mail each to the individual named in the upper right hand corner, with encouragement that it be completed promptly and returned immediately to the Federal Extension Office in the self-addressed envelope.

After a reasonable length of time we will give you a report on the number of questionnaires returned from your State. The results of the survey will also be made available.
